### Scappoose School District Families,

Scappoose School District is excited to announce a partnership with Baker Web Academy. Our partnership will allow families who want to continue an online option to do so. BWA is an online educational leader throughout the state and is well known for its work with students over the last 13 years. Below you will find information about the partnership, the application process, and contact info for questions. Please take time to read the information and ask any questions.
