

## Registration/School Start-Up FAQ's

Q) What is the "Online Registration" that everyone is talking about?

A) "Online Registration" refers to either verifying information in Synergy for current students, or adding a new student or formerly withdrawn student that wishes to return.

1) For brand new students to the district: enter as new student. Office staff is then notified of new student to register.

2) For students that have been previously enrolled in the Scappoose School District at some point in their school years, have withdrawn and wish to return.

3) Current students: to verify student information, demographics, emergency contacts, etc. (this is a yearly process)

Q) If I don't complete the "Online Registration" by the time school starts, does that mean my child cannot attend school?

A) No. If you have a student that is current, the "Online Registration" is used as a review/update of student information in Synergy. Your student will still have a schedule and can still attend school.

Q) What is the deadline for completing "Online Registration"?

A) October 1. If you haven't completed the review and verification by October 1, you will get a notice on the next login to your ParentVue account asking you to complete.
